

Bodacious Biltmore

Artizen Flames is your best choice for an attractive and affordable alternative to hauling wood and clearing ashes. We take pride in combining unmatched quality with the latest technologies for our premier vented gas logs:

- Lifetime Warranty
- Reversible - suit your tastes for a split log or bark look
- Standard full flame burner - includes a forward burner for most realistic front ember glow
- Steel reinforced hi-temp logs - for lasting, trouble-free performance
- Heavy duty burner and grate construction
- Tiered grate provides more realistic and vibrant flame action, and a cleaner burn

On/Off Remote Upgrade Kit

Upgradable Manual Pilot Kit

Artizen Flames offers a unique, upgradable standing Pilot Kit. You can choose a "match light" burner (NG only), manual pilot, or remote control pilot system.

What sets Artizen Flames Pilot Kits apart from other manufactures' is that you can choose to upgrade your valve from manual to a remote system without the added expense of an additional valve.

Full Flame Burner Kit

Authentic Look

Lava Rock and Vermiculite are included with each burner kit for added realism.
